

**UPGRADES TO OCEAN SAFETY'S NEW
LIFEJACKET RANGE TO LATEST ISO STANDARD**

The latest range of Ocean Safety KRU lifejackets has been upgraded to incorporate the ISO 12402 accreditation. The Sport Pro and the Professional, with the integral sprayhood have been manufactured with an increase from 175n to 180n, along with the XS and the Commodore.

The new Falcon lifejacket is MSC 2080 accredited (MED Ship's Wheel) and has been upgraded to 350n from 305n, which includes the Falcon Fire Fighter, with twin chambers.

Further information on Ocean Safety's range of KRU lifejackets can be found at <http://www.oceansafety.com> or on the Ocean Safety stand at METS 03.304

Issue date: 15th November 2010
