

2010 DESK CALENDAR

Capture some of the J Class magic, both original 1930s and the new projects in the new desktop J Class calendar for 2010.

Each of the twelve pages features one of the yachts, offering a comprehensive view of the J Class fleet and the rebirth of the Class.

The three original yachts, Shamrock V, Velsheda and Endeavour are all featured, along with the replica new builds currently on the water, Ranger and Hanuman. There are further photographs and information on J Class yachts currently in build, as well as Svea, who has already had her lines plans approved by the J Class Association.

The history of the J Class is summarised within the calendar and many of the photographs will be seen for the first time.

The calendar costs £10.99 excluding postage, or it can be obtained at an introductory offer for those who wish to join the **J Class Supporters' Club**.

This calendar or membership to the J Class Supporters' Club would make an ideal gift for friends or family who are followers and enthusiasts of this iconic class.
