

SUNBRELLA'S 2010 STYLISH COLLECTION FROM KAYOSPRUCE

Decorative Interior and Exterior Fabrics with a new 5-year warranty

The latest Sunbrella Collection provides a wide variety of colours and chic designs to be used both inside and outdoors. They cover a variety of applications from marine or swimming pool areas through to the most formal of dining or bedrooms, as well as customised awnings for corporate business, restaurants, bars, retail outlets and camping. All Sunbrella fabrics are extremely easy to live with and look after. Soap and water will remove most marks, but a bleach solution can be used without the worry of damaging the fabric or removing colour. The Sunbrella hallmark of stylish and elegant designs includes patterns, traditional awning stripes, as well as bright, warm and natural colours, guaranteed to blend with or augment an existing furnishing style.

All the outdoor acrylics in the range are 100% solution dyed, giving a resistance to UV rays of SPF 50+, which is recommended by the Skin Cancer Foundation for its contribution in the prevention of sun-induced damage to the skin. The fabrics also have resistance to mildew whether in a swimming environment with chlorine or an outdoor marine environment with salt water.

Kayospruce and Sunbrella are both committed to safety of the environment and Sunbrella is an Oeko-Tex approved fabric, with no harmful effects on health, the skin or the environment.

To find out more about Sunbrella and other ranges, visit Kayospruce at: Southampton Boat Show – 11th–20th September - stand number FO30

100% Design Show at Earl's Court, London – 24th–27th September - stand number B94

Issued 27 August 2009
