

JEFF HOULGRAVE JOINS MARINA PROJECTS

Marina Projects Ltd, the UK based marina and waterfront development consultants, is delighted to announce that Jeff Houlgrave has joined the Company and will be working on a range of projects including business development with a particular focus on the superyacht sector.

Jeff was previously a Director of both MDL and Camper & Nicholsons Marinas and has a wide range of marina experience from operations through to international development. As a former Vice Chairman of 'Superyacht UK', Jeff has worked on projects in many countries including Turkey, Malta, Egypt and Croatia.

Marina Projects Development Director, Geoff Phillips said: *"Having worked with Jeff for many years at MDL and on several projects since, it makes sense for us to utilise his experience as the Marina Projects business grows in the international arena"*.

Jeff said: *"I am very pleased to be reunited with Geoff and his team as Marina Projects moves ever forward. The marina industry is complex and dynamic and it requires real knowledge and experience to maximise the potential of a project and I look forward to adding real benefit to the team at Marina Projects"*.
